

crmSeries Mobile Update Overview

Latest Release: 1.3.0

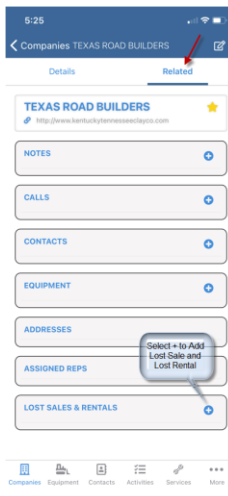

To verify your current release, Select the 3 dots at the lower right of the crmSeries Mobile application. The slide out menu panel will open. The version will be labeled indicating the current release.

Update Summary:

- Ability to include Images and Comments on an Undercarriage Wear Measurement.
 - Ability to enter Lost Sales.
 - Ability to enter Lost Rental.
 - Ability to search Inventory.
 - Bug fixes.
1. When creating a new Undercarriage Measurement, images and comments can be added.

2. Add Lost Sale and Lost Rental from the Company Related tab.
